MEMORANDUM FOR: Walter Elder  
Executive Secretary  
National Foreign Intelligence Board

THROUGH : Deputy Director for Science and Technology *WJ*

FROM : R. P. Hazzard  
Director, National Photographic Interpretation Center

SUBJECT : DCI Directive on NPIC

REFERENCE : Your Memo, Dated 5 May 1982; Subject as Above

NPIC concurs in the referenced draft DSCID and associated action correspondence with two recommended changes.

a. Para 2 - Primary Responsibilities

a. Eliminate word preliminary so to read "provide on a selective basis for the interpretation of photography..."

Rationale: Much of our work is in 1st and 2nd phase exploitation, but a significant portion has always been and is so designated in the National Tasking Plan as 3rd phase. The connotation of preliminary can be made as initial or even slipshod. Its elimination would be in the context of the general broadening of the revised DSCID which does a good job of eliminating a lot of useless detail in the original NSCID which was put there to justify, but at the same time closely circumscribe the activities of a new organization..

b. Para 4 - Organization

Last word, change State to Defense.
